## Mondor Pants:

All of these pants are part of our Polartec® collection and are the same fabric as the 4481 jacket but will also go with the other jacket too. This innovative fabric allows the body's moisture vapour to pass through the garment and the fast-wicking inner surface is comfortable next to the skin. Resists odour-causing bacteria with its finish.

60% polyester, 30% nylon, 10% lycra(r) elasthane
